Author Index, Vol. XXVI, 1962

	Page
Boss, Manley L.	265
Brehme, A. C.	15
Brown, E. H.	53
Cantwell, George E.	161
Cowden, Ronald R.	209
Diller, Irene Corey	181
Donk, Joanna	103
Edwards, L. E.	15
Fardon, John C.	137
Fontaine, Jeannette	111
Freedman, L.	117
Fujisawa, Michiaki	71
Funaoka, Koji	71, 77
Gonzales, Zenaida	147
Hellwig, C. H.	297
Hoffman, J. H.	273
Hopper, Arthur F.	255
Johnston, Barbara	147
Johnston, E. C.	161
King, R. C.	53, 235
Knott, Virginia B.	283
Lerman, Sidney	103, 111
Mahood, Mary E.	147
Matsuda, Ryuichi	129
McCandless, Ruth	309
McConnell, Benjamin	77
Meredith, Howard V.	23, 283
Miller, Charles	71
Mills, R. P.	235
Mitchell, John R.	41, 47
Mota, Miguel	323
Novales, Erlinda	147
Pitel, Martha	103
Poydock, Mary E.	137
Räsänen, Toimi	1
Saelhof, Clarence E.	71, 77
Schjeide, O. A.	309
Sokoloff, Boris	71, 77
Swartz, F. C.	167, 273
Tabler, K. A.	161
Taniguchi, Eiichi	77
Wilkinson, P. N.	297

Subject Index, Vol. XXVI, 1962

Acid-fast organisms cultivated from malignant tissues 181
- carbohydrate utilization by 183, 191
- cultural characteristics of 192
- morphology of 186-196
- motility of 190
- staining reactions 190

Acinar cells, growth of 15
ACTH, effect on mitotic activity 12
Adrenalectomy 1
Aging, effect on protein and RNA metabolism in dogfish lens 111
Aldosterone, effect on mitotic activity 3, 12
Anatomic traits 35
Anemonin 73
Antitumor activity of plant extracts 71
Antiviral effects of *Caltha* extracts 72
Arion 210
Ascites sarcoma, effect on growth of normal cells *in vivo* 137
ATP levels in fetal rat lens 108
Baboon, statistics of facial growth 117
Bacterial toxins, ... 147
- effect on tumor cells *in vitro* 149
- effect on tumor cells *in vivo* 155
- preparation of 148

Bio-assay method for determining availability of nutrient *in situ* 265
Body size in United States schoolgirls 283
Book Reviews 143, 144, 323
Boys, statistics of growth in 27
Budding in *Hydra* 261
C_3H mice 47

C_3H mice 47

	Page
$C^{14}O_2$ in rat lens tissue incubated with labeled glucose	107
Caltha palustris	
antiviral effects of	72
toxicity of	72
Calvaria length in *Papio*	117
Carcinogen-induced hyperplasia	13
Carcinogens	2
Castration	
effect on liver weights	172
effect on polyploidization in liver	172, 175
effect on rat growth	171
effect on water, lipid, glycogen and protein of rat liver	173, 174
Castration of pre-weanling rats	273
Cellular interaction and differentiation in gynandromorphs	62
Chemical aspects of rat liver growth	167
Chick egg, fine structure of	310
Children, anatomic growth rates in	24
Chronic thyroiditis	297
biochemical studies of	297
intrafollicular macrophages in	305
Comparative body sizes in schoolgirls of different ethnic groups	288
Comparison of muzzle and calvaria length in *Papio cyanocephalus*	124
in Papio ursinus	120-123
Correlation coefficients for growth of white boys	28, 29
Cortisone, role in tissue regeneration	1
Crypts of Lieberkühn	
comparison in normal and tumor-bearing mice	140, 141
mitotic activity in	139
Cytochemical investigations of slug oöcytes	209
Cytological aspects of rat liver growth	167
Cytology of "ovotestis" in *Drosophila melanogaster*	55
Cytoplasmic membrane in slug oöcyte	222, 223
Cytoplasmic staining	220, 221
Cytotoxic effect of bacterial toxins	147
Daily weight gain, effect of androgens on	162
Deoxycorticosterone	2
effect on mitotic activity	11
Deroceros reticulatus	210
α-E-Diaminopimelic acid from acid-fast organisms	197
Dogfish lens, metabolism in	111
Drosophila	53
oogenesis in	235
Drosophila gynandromorphs	53
Drosophila melanogaster	53, 235
Drosophila willistoni	235
Effect of castration on somatic and liver growth parameters	178
Egg chamber of *Drosophila melanogaster* and *D. willistoni*	243, 244, 249
Ehrlich mouse carcinoma, effect of plant extracts on	75
Electron micrograph of chick egg	310
Electron micrographs of cell types in *Drosophila*	241-247
Endogenous nutrient evaluation, statistical methods for	265
Epidermis, rat, mitotic activity in	1
17-Ethyl-19-nortestosterone, effect on growth of swine	161
Euphorbia amygdaloides	77
Fasting, effect on mitotic count	2
Fetal rat lens	
lactic acid content of	108
metabolism of	103

Page

Fetal rat lens, concentration of ATP in 108
Gastric mucosa, rat 1
effect of corticoids on 5
mitotic activity in 1
Germaria in *Drosophila* 236
Glucocorticoid, effect on mitotic activity 1
Glucose oxidation in fetal rat lens 109
Glycogen, in rat liver 169
Growth,
chemical aspects of 167
effect of carcinogens on 12
effect of castration on 171, 178
effect of hormones on 161-164
Growth of
acid-fast organisms 181-187
acinar-cell-free rat 15
ascites sarcoma 137
femur in *Pycnoscelus* 131, 132
liver 167, 168
maize root tips 237-269
muzzle in *Papio* 117
normal cells *in vivo* 137
pancreatic tissue 15
rats 170
slug oöcytes 209-212
swine 161
tumor implants 41
white boys 30-34
white schoolgirls 283-285
Growth rates in childhood 23
Growth ratio of homologous segments in *Papio* 134
Growth statistics 23, 27, 38, 105, 117, 286-293
Growth stimulants 1, 140
Gynandromorphs in *Drosophila* 55
cellular differentiation in 62
ovotestis, cytology of 55, 56, 58-60
reproductive system 55, 56
Hashimoto's Disease 297
fatty acid in 302
initiation of 306
Hemorrhage and necrosis in tumor tissues treated with bacterial toxins . . . 158
Hepatic ploidy distributions in hormone-treated rats 281
Hormones, effect on weight of swine livers and kidneys 165
Hydra grafts, transfer of radiophosphorus in 255
Hypophysectomy and castration plus hormone, effect on liver 277
Hypophysectomy of post-weanling rats 273
Incorporation of P^{32} in *Hydra* tissues 256, 263
Incorporation of P^{32} in RNA of dogfish lens 115
Inhibitory effect of *Caltha* extracts on mouse tumors 75
Inhibitory effect of *Euphorbia* extracts on Sarcoma 180 . . . . . 79, 80
Irradiated tumor cells, effect on recurrence of spontaneous tumor 50, 51
Lactic acid content of rat fetal lens 108
Lens, dogfish 111
metabolism in 111
Lens of fetal rat, growth curve of 105
Lipid content of rat liver 169
Lipid studies in Hashimoto's Disease 297
Liver polyploidy in castrated weanling rats 273
Maize root tips, tissue culture of 266

	Page
Malignant tissues, isolation of acid-fast organisms from	181-187
Mean length of calvaria and muzzle in *Papio ursinus*	119
Metabolism of fetal rat lens	103
Methyl testosterone, effect on growth of swine	161
Micro-villi of liver cell	319
Mineral corticoid, effect on mitotic activity	1
Mitochondria, formation of	309
Mitochondrial buds in developing chick egg	320
Mitotic activity of Sarcoma 37	139
Mitotic inhibition by glucocorticoids	1
Mitotic rate	6, 7
effect of corticoids on	10
Mitscherlich equation	265
Mosaic gonad in *Drosophila melanogaster*	53
Neonatal castration plus hormone	274
effect on liver	276
Nuclear polyploidy in livers of hormone-treated rats	278
Nurse cells	
in *Drosophila* "ovotestis"	61
in egg chamber of *Drosophila willistoni*	250
Nutrient solution for maize culture	266
Oncolytic effect of bacterial toxins, mechanism of	156
Oncostatic factor in *Caltha palustris*	71
Oncostatic factor in *Euphorbia* extracts	77
Oöcyte, slug, nucleoli in	215
Oogenesis in *Drosophila*	235
Oogonial differentiation in mosaic gonad	53
Organ specific growth stimulants	1
Ovotestis, relation to mitosis during gametogenesis	65
Pancreatic deficiency in duct-ligated rats	17, 18
Pancreatic function and growth	15
Pancreatic tissue, regeneration of	19
Papio cyanocephalus	125
Papio kindae, skull measurements of	118
Papio porcarius	117
Papio ursinus	118
Pelmatohydra oligactis	256
Polyploid nuclei in rat liver	169
Prednisolone, effect on mitotic activity	3
"Pre-mitochondrion," electron microscopy of	316
Protein concentration in dogfish lens	112
Protein content of rat liver	169
Protein fractions in dogfish lens incubated with C^{14}	114
Protein tryptophan in slug oöcyte	218, 219
Proteoanemonin	74
Pycnoscelus surinamensis	129, 130
Radiation of tumor transplants	42
Radioactive *Hydra* grafts	259
Radiophosphorus in *Hydra* grafts, percentages of	255, 257
Rat epidermis	1
effect of corticoids on	4
Rat fetal lens, protein levels in	106
Rat fetus, growth curve	105
Rat liver growth, chemical and cytological aspects of	167
Rats, effect of sex hormones on liver of	273
Renotropic effect of androgens	165
Ring-X chromosome in *Drosophila melanogaster*	54
RNA concentration in dogfish lens	112
in slug oöcytes	213

	Page
RNA fractions in dogfish lens incubated with C^{14}	114
Sarcoma 37	154
effect of bacterial toxins on *in vivo*	155
Sarcoma 37 ascites	137, 150, 151
Sarcoma 180, effect of plant extracts on	75, 79
Serological cross-reactions of acid-fast cultures	197-201
Serratia marcescens	147
Slug oöcytes, growth of	209, 212
Somatic growth of rats, relation to age of castration	170
Somatic variables in schoolgirls	285
Spermatogonial differentiation in a mosaic gonad	53
Spontaneous mammary tumor in mice	47
Sprague-Dawley rats	2, 168, 274
Statistics of variability in body growth	286, 291, 293
Streptococcus pyogenes	147
Stress	2
effect on mitotic rate	12
Swine, effect of androgens on growth of	161
Thyroid extracts, influence on skin reactions	301
Thyroid tissue, total lipid and fatty acids in	300
Tissue regeneration	1
Toxicity of *Caltha* extracts	72
Treatment of tumor transplants,	41
effect on subsequent transplants	43
Tumor tissues, growth stimulation factors in	140
Tumor transplants, growth of	41
Univarate statistics of growth in childhood	38
X-irradiation, effect on tumor implants	46, 47
